# Introduction of GAME

# TEAM member's role

## Kang HyunKyu

In charge of making the 1st and 4th stages and developed the codes for interface. And also responsible for making the demo video and presentation slides.

## Jeong Minseo

In charge of designing the entire game and developing the 2nd stage. And as you can see, was also responsible for representing the final presentation

## Choi Kyuwon

In charge of developing the 1st and 3rd stages and analyzing the open-source license. She also delivered our milestones at the previous presentation

## Ha Taeyoon

In charge of developing code for interface and the pop-up quizzes between the stages. Also, he put all the codes together that other members made which was the final step of this project.
